

Component 2 EST Preparation Checklist

AO	Type of evidence	Y/N
1	I have written out the chosen starting point at the top of my Component 2 web page.	
1	I have chosen an appropriate header image and written a clear title at the top of the page.	
1	I have explained (in detail) why I have chosen this starting point and written a list of questions that I propose to answer during my research.	
1	I have conducted careful and detailed research about each of the named artists in my chosen starting point. I have selected some images by the artists, explained their approach to my chosen theme/topic and written my own thoughts about their work .	
1	I have considered the Threshold Concept(s) relevant to my chosen starting point and consulted the resources on www.photopedagogy.com/threshold-concepts	
1	I have demonstrated my ability to analyse individual photographs in detail, using the Photo Literacy prompts online to help me: www.photopedagogy.com/photo-literacy	
1	I have found other artists/photographers relevant to my chosen starting point and conducted detailed research about them, explaining how their work has helped me to develop my ideas.	
1	I have considered other issues (political, cultural, environmental, technical etc.) relevant to my chosen starting point.	
1	I have carefully explained the various ideas I have had, based on my research.	
1	I have made mindmaps and/or lists that show the range of my ideas and questions about my chosen starting point.	
1	I have found and embedded on my site videos relevant to my chosen starting point.	
2/3	I have conducted several photo shoots in and out of school (at least 4) and uploaded them to my website.	
2/3	I have evaluated each of these photo shoots and selected those images that I feel are most successful, explaining my reasons.	
2/3	I have carried out various experiments with appropriate materials, techniques and processes. I have evaluated these experiments and explained what I have learned and how my ideas have developed.	
2/3	I have developed and refined <u>at least one</u> of my ideas and demonstrated sustained progress.	
2/3	I have included annotated step by step photographs and/or screenshots of my experiments .	
2/3	I have found and embedded on my site videos relevant to my technical experiments .	
3	I have practised the various techniques/processes that I will need during the 10 hour controlled assessment.	
4	I have summarised what I have learned from my research and explained what I propose to make in the 10 hour controlled assessment.	
4	I have created a detailed plan of how I intend to use the 10 hours including what materials and equipment I need.	
4	I have created a blank Powerpoint presentation and saved this to a USB stick with my name clearly printed on it. I have also saved all of the images I need during the 10 hour controlled assessment to the same USB stick.	
3/4	I have checked that my Component 2 web page is complete and accurate prior to the start of the 10 hour controlled assessment. I am happy that my page looks like I've spent about 8 weeks on it!
